March/April 2019

Dear Friends of FACT and the Glendive Dinosaur & Fossil Museum,

Many of you have enjoyed Dr. Jobe Martin’s videos, *Incredible Creatures that Defy Evolution*. We have shown them in our theater since the museum opened in 2009, and they have been a hit with many of our visitors. Dr. Martin has now produced another fascinating video series called, *God’s Living Treasures*, that highlights some of the astonishing God-given traits animals possess. Volume 1, *Amazing Animals of Alaska*, features the incredible polar bear, along with special guests Buddy Davis, Dr. Jim Johnson and Micah Bowman.

From the Buddy Davis article, *Sea Bear of the Frozen North*, we learn that “the polar bear’s paws can be 12 inches across. The large paws act like snowshoes, evenly distributing the bear’s weight as it moves over ice and snow. The sole of a polar bear’s foot has thick, black pads covered with small, soft papillae (bumps), which prevent the bear from slipping on the ice. Stiff hairs on their paws are great for insulation and also help with traction.”

God created animals to be able to adapt to different environments, and the bear-kind is a perfect example. Knowing that humanity’s sin would physically affect the whole world (the Curse, the Flood, the Ice Age, etc.), God programmed animal DNA with the ability to adjust to climates that are far different from His original creation. This is not molecules-to-man evolution, but the ingenious handiwork of our Creator-God, as He knit each creature together with the correct information to survive in a sin-cursed world.

God engineered every creature on the planet with remarkable adaptability, just as He did with the polar bear. This is the same God who knit you together, too! He created you for His purposes, and you can trust that He will accomplish those purposes in and through you. As Philippians 1:6 states, “And I am sure of this, that he who began a good work in you will bring it to completion at the day of Jesus Christ.”

You can obtain a copy of Dr. Martin’s video in our giftshop or by visiting www.biblicaldiscipleship.org.

10TH YEAR ANNIVERSARY CELEBRATION

Please plan to join us on Saturday, July 6th, for our 10 Year Celebration! Details are being worked out, but we can confirm that Carl Kerby will be with us. We are also working on several activities to highlight the work God has done through the museum since its inception in 2009, as well as some fun interactive events for the whole family. More updates will follow in our summer newsletter.

I want to participate in the ministry of the Foundation Advancing Creation Truth (FACT) by:

- Praying for the ministries of FACT
 - Please add me to the mailing list
 - Investing monthly at ___\$100 ___\$75 ___\$50 ___\$25 or \$_____ beginning (M/Y) _____
 - Making a one-time donation of \$_____
- ___ Check enclosed or ___ Authorize a Credit Card Donation (see back)

Name _____
 Address _____
 City/State/Zip _____
 Email _____

Thank You
for choosing to support FACT and the Glendive Dinosaur & Fossil Museum. Without your prayers and support, we could not do the work to which God has called us. Your donations are tax deductible.

Please send this form together with your donation to:
FACT, PO Box 684, Glendive, MT 59330
or you may choose to donate online at www.creationtruth.org

Spring and Summer Hours 2019

Our spring hours (Fridays & Saturdays from 10am-5pm) will begin on April 5th. Summer hours (Tuesday thru Saturday from 10am-5pm) will start on May 14th and go through Labor Day. We would love to see you sometime this spring or summer!

OPEN

Creation
Underground

My first trip to the Glendive Dinosaur & Fossil Museum fulfilled a childhood dream of excavating dinosaur bones. After that trip, I knew God wanted me to be more deeply involved in the work. The next summer my wife and I came back and served two weeks as interns, getting the dig site ready for the coming diggers. Today, God has granted me the blessing of being able to work here every summer, taking people on dinosaur digs and working on the bones we find. Would you consider coming to Glendive for a few weeks this summer to serve as an intern alongside us? Who knows what God might stir in *your* heart!

We are looking for a few people willing to spend two to four weeks (mid-June to mid-July) of their time and energy in Glendive, Montana—aka, “dinosaur country.” The work involves some manual labor related to our displays, digs and dino bones, helping to organize projects, doing odd jobs around the museum, and learning about who we are and being able to share that with others as a museum volunteer. Interested? If you will be at least 18 years old by June 1, please contact Robert or me as soon as possible. We would truly enjoy working with you this summer.

Tommy

We know the work we do would not be possible without God working through your prayers and support! As we begin a new season of ministry at the museum, on our digs and through outreach events, would you continue to uphold us in your prayers?

FACT is financially supported by museum admissions, digs, giftshop purchases and through donations. If you would like to donate financially, please use the slip at the bottom of the newsletter or visit www.creationtruth.org.
